## CGT-80

### GAFFERS TAPE (LOW GLOSS FINISH)

#### DESCRIPTION:

CGT-80 is 76 mesh high quality, Low Gloss finish, polyethylene-coated cloth tape with a strong natural rubber adhesive. This unique product with its low light reflectivity makes this product suitable for entertainment type applications where minimal visibility is required. Specially formulated adhesive allows for clean removal on most surfaces (surface type and dwell time may affect performance). Tape will conform well to irregular surfaces, and will not twist or curl during application. Excellent water and abrasion resistance. Tape is hand-tearable (cutting tools not required).

#### APPLICATIONS:

- Used in the entertainment industry (concerts, tradeshow, etc.) for laying cable, wires, joining and building background props.
- Used on stage set-ups for marking placement (i.e. "spike" tape).
- **Suitable as a book binding tape for seaming and edge reinforcement.**
- Due to the printable surface of the tape, it is suitable for use as a "can" tape to mark film type contained within.

#### PHYSICAL PROPERTIES:

Backing	Polyethylene-coated Cloth
Adhesive	Natural Rubber
Total Thickness	11.8 mil +/- 0.4 mils
Peel Adhesion	29 oz/inch
Roll Unwind Force	39 oz/inch
Tensile Strength	36 lb/inch
Temperature Resistance	-31°F to 176 °F

#### COLORS AVAILABLE:

Black, White, Gray, Yellow, Red, Dark Red, Dark Blue, Light Blue, Dark Green, Brown, Burgundy, and Olive Drab.

**NOTE:** The physical properties listed above are typical test results obtained from a series of laboratory tests and should not be used for the purpose of writing specifications. Before using this product, user shall determine the suitability of the product for his/her use; and user assumes all risks and liabilities in connection therewith. All test procedures used are in accordance with ASTM and PSTC methods.
