BT-100 BLAST TAPE

DESCRIPTION

Durable rubber product engineered to meet requirements for protective masking of surfaces during dry paint stripping process. Aggressive acrylic pressure-sensitive adhesive provides instant adhesion to clean / dry surfaces with little to no hot glue required on edges to prevent media intrusion. Remains flexible and resists cracking and lifting. Conforms to irregular / curved surfaces. Uniform thickness allows maximum blast times. Clean removal after blasting. White crepe release-coated paper liner allows BT-100 to tear easily by hand. Can also be cut by knife for precise fit.

PRODUCT APPLICATIONS

For masking of surfaces Blast Tape (dry strip paint removal) or other shot-peen processes. (Aerospace, Industrial, Automotive, etc.). BT100 prevents small particles of blast media and other foreign debris from infiltrating and damaging sensitive surfaces, components and control systems.
